Functional Area	Feature	Special requirements/comments				
Customer Service	reature	Special requirements/comments				
19	Customer Master	Must be migrated from Fishbowl (FB)/Quickbooks(QB)	3	3	3	3
15	Sales Rep Master	Preferably migrated from FB/QB, with cross references to Customers; incl.	3	3	3	3
20	sales Rep Master	features that support independent sales reps	2	3	3	3
20	Cust. Requirements Repository	Viewable by all functions within PCTG; should also include typical/default	2	3	3	3
21	cust. Requirements Repository	shipping instructions	2	3	3	3
21	CRM	Lesser importance, but need greater support for integration of key	2	3	3	3
22	CKIVI	customer information and preferences	1	3	3	3
23	Cust. web portal	Low priority - future project	2	3	3	3
Order Processing	cust. Web portai	Low priority - ruture project	2	3	3	
Order Processing	Order Entry	Preferably with integration to PCTG email (Outlook), third-party logistics	1	1		
24	Order Entry	provider (3PL), and inventory management modules	2	3	3	3
	Product Pricing Flexibility	Require multiple sets of price brackets, per customer depending on the		3	,	3
25	Product Fricing Flexibility	nature of specific orders	3	3	3	3
-3	Allocated item reassignment	Ability to 'sell'/reallocate already allocated inventory during the ordering		3	3	3
36	Allocated Item reassignment		2	,	3	3
26 27	Batch/Lot Specification	process Peguired for fabric roll coloction (length)	3	3	3	3
28	Credit approval workflow	Required for fabric roll selection (length) Desirable	3	3	3	3
29			3	3	3	3
29	Dimensions Customer Deposits	Weight required for shipping purposes Infrequent	3	3	3	3
30 31	Pro-Forma Invoices	For shipments to China	3	3	3	3
31			3	3	3	3
32	Commissions Payments	Based on invoice; at least four brackets required; should be easy to	3	3	3	3
32	Independent Calas Bay web assets	customize & manage Allow Ind. Reps to initiate new customer set-up; provide limited view of	3	3	3	3
	Independent Sales Rep. web portal					
33 34	0	order status, and to access relevant reports	2	3	3	3
34	Open order migration	Comprehensive support needed to migrate open orders	2	3	3	3
	Order history migration	Comprehensive support needed to migrate customer order history				
35			2	2	2	2
Inventory Management			1	1		
	Item Master	Must be migrated from Fishbowl (FB)/Quickbooks(QB); must include				
36		inventory & non-inventory (direct ship) items	3	3	3	3
37	Multi warehouse	Currently 2, but more warehouses expected in future	3	3	3	3
	Consignment inventory tracking	Required				
38	(In the market in the state of	Ability for any above to the control of the control	3	3	3	3
	'In-transit' inventory tracking	Ability for remote users & suppliers to view and modify 'in-transit' status,				
39	Details / Let / Die Court of	preferably via web portal, is required	2	2	3	3
	Batch/Lot/Bin Control	Required, in order to specify discrete fabric rolls, by length, when				
		receiving, picking, and shipping. Software should be able to assign/track a				
		serial number for each roll, which can act as the unique identifier for each				
		roll. (Reference Receiver Document in Appendix A)				
40	1, , , 1, , 2, , , 1/5/5/2	Description of the second of t	3	3	3	3
	Inventory Aging Control (FIFO)	Required, due to limited 'shelf-life' of specific patterns & colors (FIFO				
		should be the default selection, but order entry person should be able to				
41		select specific rolls based on length)	3	3	3	3

			<u> </u>				
		Cut Yardage	Required, ability to handle cutting of rolls - e.g. a 60 yd. roll might be cut				
			multiple times for samples, or for half-roll requirement. System must be				
			able split rolls, shipping the "new" roll, and put the remaining roll into				
			stock. Ths feature wil be especially critical in the new business division,				
			which appears to require a lot of sample yardage.				
42			The state of the s	3	3	3	3
		Item balances migration	Comprehensive support needed to migrate item balances (on hand, on		 	 	
42		literii balances migration		3	3	3	3
43		la an and a bina and a daine a O	order, in transit, allocated)	3	3	3	3
1		Item sale history, lead time, &	Comprehensive support needed to migrate items' sales histories, lead				
44		order pt. migration	times, and order points	3	3	3	3
45		X-ref to designs & samples	Desirable	2	3	3	3
	Distribution Logistics		T	1	1 1		1
		Shipping application	Required, integration with third-party logistics provider (3PL)				
			Interoperability with SPS Commerce (EDI service) desired (low priority);				
			Currently using 856 ASN transaction set for 10 -20 orders per month.				
46				2	3	3	3
		Vendor WIP tracking	Required, ability to track/monitor progress of PO's at vendors through	T			
			their production processes to replace the current OOR report. PO status				
			should be updated by vendors and/or PCTG staff in China				
47				1	3	3	3
	Procurement						3
		Vendor Master	Must be migrated from Fishbowl (FB)/Quickbooks(QB); currently about 10				
48			suppliers.	2	3	3	3
F		PO creation, tracking & receiving	Required, including PO's for specific projects.	-	+ +	1 -	1 -
49		r o creation, tracking a receiving	inequired, including 1 0 3 for specific projects.	3	3	3	3
50		Landed cost tracking	Required	3	3	3	3
51		Procurement forecasting	Need to forecast based on 3 & 6 months sales histories report.	3	3	3	3
31		Vendor Performance Evaluation	Required, must include production times (promie vs. actual), delivery	3	3	3	3
		Vendor Periormance Evaluation		,			
52		DO and and a substitution of	reliability and quality management tracking features	3	3	3	3
52 53 54		PO approval wrkflow	Desirable	3	3	3	3
